

ARKANSAS**APPLICATION FOR REGISTRATION OF PESTICIDES**

This registration is for the calendar year ending December 31, _____

INSTRUCTIONS: Execute completely and submit in **duplicate** to the **STATE PLANT BOARD, BOX 1069, LITTLE ROCK, ARKANSAS 72203**. Attach **one copy** of a complete label or data sheet (8 ½ X 11, or folded to such size), numbered in chronological order to correspond to the "Product Number" column on the application, for each product. Registrants are only required to submit labels if the product is new to Arkansas or the label has been changed since the product was last registered in Arkansas. **Registration Fee** is \$150.00 per product for all or part of any calendar year for each product. **Abandoned Pesticide Disposal Fee** is \$50.00 per product not exempted under Section 5-3 of Act 1130 of 2001 for all or part of any calendar year. Make checks payable to the State Plant Board.

Please do not write in shaded areas of form.

IMPORTANT NOTICE

On July 01, 2001 the Arkansas General Assembly enacted a law which temporarily authorizes the Arkansas State Plant Board to collect a \$50.00 Abandoned Pesticide Disposal (APD) Fee for each registered pesticide product per year. This fee will fund the activities of the Abandoned Pesticide Advisory Board.

Contained within that law (Section 5-3) are a number of exemptions which do not require the \$50.00 APD Fee. The following types of product are exempt:

A) Sanitizers and Disinfectants: i.e. pesticides that are intended to (1) disinfect, sanitize, reduce, or mitigate growth or development of microbiological organisms; or (2) protect inanimate objects (for example floors and walls), industrial processes or systems, surfaces, water, or other chemical substances from contamination, fouling, or deterioration caused by bacteria, viruses, fungi, protozoa, algae, or slime" (including wood treatment products which do not include termiticides)

B) Aerosol products which are not labeled for agricultural use (including non-aerosol pump sprays)

C) Insect Repellants which are labeled for use on the human body or clothing

D) Silica Gels and other nonvolatile ready-to-use paste, foam or gel formulations of insect baits

E) Nonvolatile insecticidal baits in tamper resistant bait stations

F) Insecticidal flea and tick collars and spot-on flea treatments for dogs and cats (including flea and tick shampoos, foams, dips, and powders labeled exclusively for use on dogs or cats)

G) Insecticidal cattle ear tags.

All other pesticidal products registered with the Arkansas State Plant Board are required to pay the \$50.00 APD Fee. This includes spray adjuvants, plant regulators, defoliants, desiccants and pesticides exempt from federal registration under FIFRA Section 25(b) which are not included in the above exemptions.

Registrants must indicate on the Application for Registration of Pesticides (DP-21 Rev. 9/03) that their product is exempt under Section 5-3 in order to avoid paying the APD Fee.

Registrants who do not indicate an exemption under Section 5-3 are expected to pay the full registration fee and the \$50.00 APD Fee.

Nonexempt pesticides will not be registered/re-registered without the required APD Fee.
